SERVICE

— ABOUT

JEWISH FAMILY SERVICE

—
In 1854, Jewish Family Service of Los Angeles (JFS) was the first charity to be established in the city. Today, 161 years later, we are proud to offer “a family of services” to more than 100,000 individuals every year.

—
JFS welcomes and serves people of all ages, ethnicities, and religions. Our professional staff and dedicated volunteers share a passionate commitment to enriching and improving the lives of every member of our community.

—
Through our programs and services, we strive to meet the trials of poverty, hunger, domestic violence, substance abuse, families in crisis, disabilities, and aging with dignity. This compassion grows out of deep roots in Jewish values—“Tikkun Olam,” or healing the world, is a central tenet of Judaism.

A MESSAGE FROM OUR PRESIDENT AND CHIEF EXECUTIVE OFFICER

—
A lot has changed since 1854 when Jewish Family Service of Los Angeles (JFS) was founded. As the landscape has evolved, however, JFS' mission has remained the same: to provide a safety net for those who are vulnerable and at risk in our community. In our commitment to serve individuals and families, JFS is anchored in the communities in which we provide those services. To remain effective and relevant, JFS has embraced change, adapting to meet the changing needs of our community.

—
JFS might be the oldest social service agency in Los Angeles, but its approach to helping those in need is continually reinvigorated. Despite the enduring effects of the economic downturn on local, state, and federal funds, JFS creatively explores new service and funding models to mitigate the external environment's impact on our clients. JFS is constantly evolving to ensure that the best of emerging trends in social services, behavioral health and health are integrated as we look towards the future of our organization.

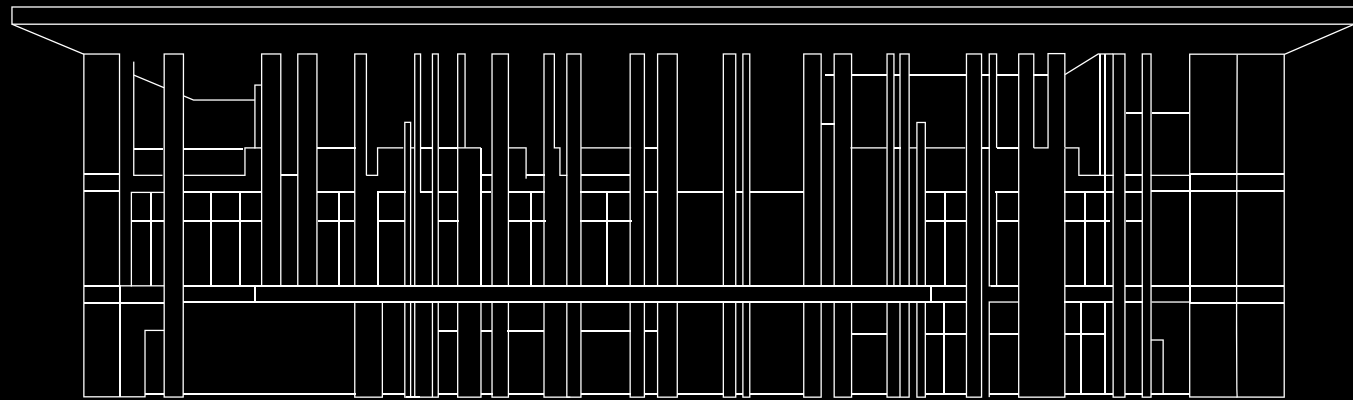

TERRY B. FRIEDMAN BOARD PRESIDENT

PAUL S. CASTRO, JD CHIEF EXECUTIVE OFFICER

—
For 160 years, JFS has provided compassionate social services to all who walk through our doors regardless of age, ethnicity, religion or ability to pay. JFS is a large, multiservice agency, yet remains focused on the small choices that make a big impact in people's lives. Toward these efforts, our professional staff and volunteers served 100,000 people over the course of the last year, helping to make the entire community healthier and stronger.

—
We are deeply thankful to the board members, volunteers, staff and donors for their unwavering commitment to the fabric of the Los Angeles community, the people.

INTRO DUCTION

—
At JFS, we are volunteers, partners, donors and friends who all believe in one thing – we can change things - and we're going to do it as a family. This is the heart of JFS: people touching people, reaching out to nurture lives filled with dignity, meaning and joy. We are proud that 2014 marked our 160th year of service to the Los Angeles community.

—
Throughout this report, we have included images of some of our new and innovative programs and services as well as some of our traditional offerings all designed to serve those in need in the most efficient and dignified manner possible. We asked those we photographed to provide a short note about what they find to be the most meaningful about their involvement with JFS. We hope you will be as inspired by their words as we are.

—
JFS offers our sincere thanks to our most generous supporters whose names are listed in the pages of this report. This is a list of financial donations only, made between **July 1, 2013 - June 30, 2014**. These listings do not include gifts to our Capital and Endowment Campaign. Every effort has been made to ensure proper recognition; we apologize for any errors.

—
We would also like to gratefully acknowledge the thousands of individuals who have given gifts up to \$500, donors of goods and services, those who wish to remain anonymous, those who give of their time, and others who support our work whose names do not appear in this report. In addition, we would like to thank our very talented graphic artist friend, Craig Holden Feinberg for helping us produce this piece. Please read about his award-winning work bio at the end of this report.

DECEMBER HOLIDAYS AT JFS SHELTERS

Children residing at JFS { Hope Cottage celebrate the December holidays with a variety of celebrations including lighting the menorah, decorating a Christmas tree and enjoying special meals.

When my kids and I arrived at Hope, we were frightened and unsure about the future but the staff made us feel right at home, helping me find a job, getting us into counseling, assisting with legal work, and so much more.

We stayed with JFS for about 16 months, at the end of which time we were stable enough to move into our own apartment. Hanukkah fell during our time at Hope, and it was important to me to keep the holiday tradition of lighting the menorah and opening gifts for my children to maintain a sense of normalcy. JFS helped make all of that happen, and I am forever grateful.

EZRA NETWORK

The Ezra Network is an initiative of The Jewish Federation of Greater Los Angeles in partnership with Jewish Family Service, Bet Tzedek Legal Services and Jewish Vocational Service. The Ezra Network is funded in part by a grant from the Jewish Community Foundation of Los Angeles.

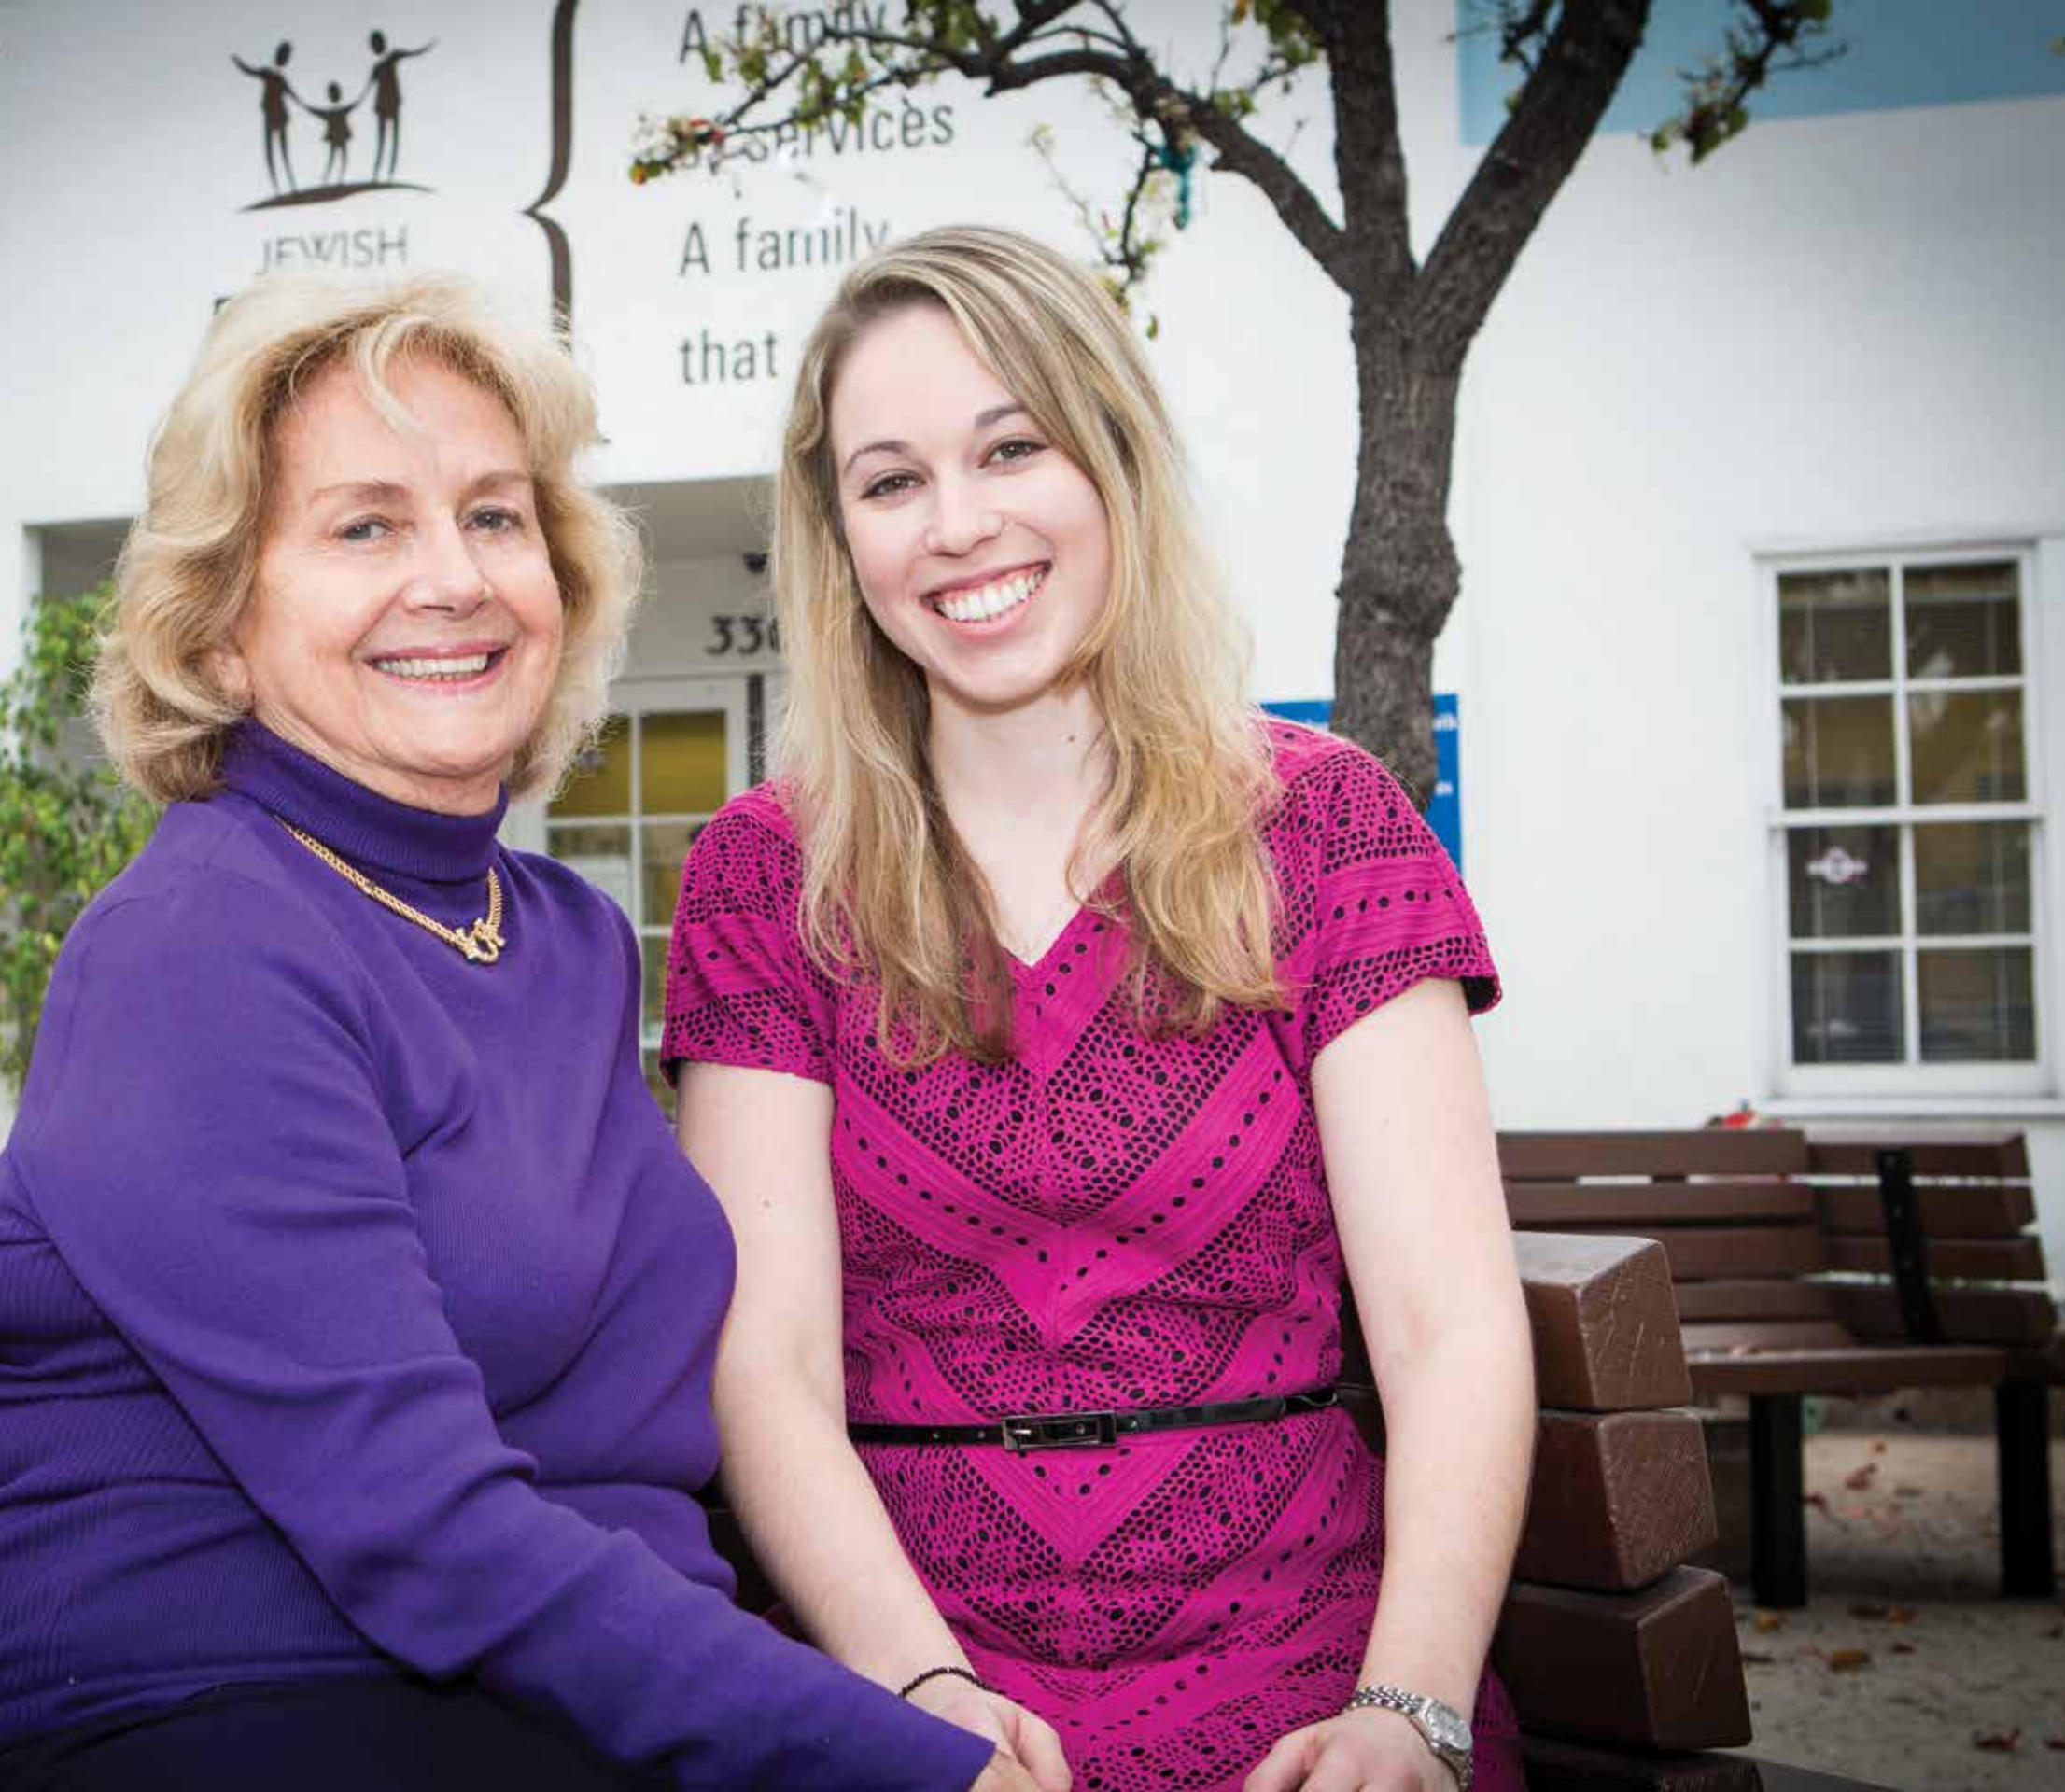

The Ezra Network reminds me of Rabbi Nachman Bratslav's teaching that "the whole world is a very narrow bridge and the important thing is not to be afraid." The program's unique design allows the Jewish community to widen that bridge, to help congregants, community members, synagogue clergy & staff throughout Los Angeles feel less alone and afraid in facing the challenges we see today. The synagogue setting provides a comforting and welcoming environment in which to work towards strengthening the Jewish community.

AMERICORPS VISTA

Hannah is one of eleven Americorps Vista members nationwide selected to take part in Vice President Biden's federal initiative to work with Survivors of the Holocaust who are presently living below the poverty line. This superb program addresses the needs of different Survivor populations in Los Angeles by conducting needs assessments, creating new programs for survivors, partnering with other organizations that work with Survivors in LA, as well as developing new infrastructure for JFS.

Hannah has worked with us on The Advisory Council for Survivors of which I've been a member since its inception. She has brought a wealth of knowledge and energy to the advisory council. Working with the needs she identified from surveys of the survivors, she has spun a number of programs and identified the resources to meet those needs.
